

Load Securing Documentation in EWM 9.0

Capri Sun at a Glance

Capri Sun is one of the leading kids' soft drink fruit juice manufacturer. The brand is globally known for its iconic pouch design. From its central distribution warehouse in Eppelheim, the company is supplying Markets and Distributors all over Germany.

In 2014, Capri Sun took the decisive step towards its strategic transformation by building a new fully automated warehouse operating with EWM 9.0. A direct connection of the warehouse to the production lines was an important move to high-throughput processing.

Project Scope

- Implementation of Mobile Photo Documentation Solution in EWM
- Integration into existing ITS Mobile Solution on Android Platform
- Usage of SAP DMS (Document Management System) as Photo Repository
- Picture Search and download directly within SAP ERP

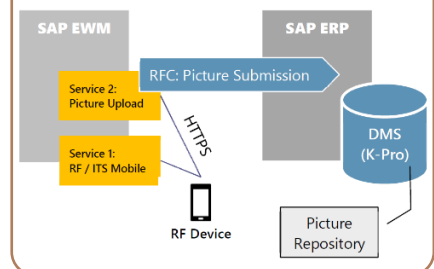

Implemented Solution

- Implementation of Picture Upload Service in EWM
- Mobile ITS Mobile Transaction using native Android camera plugin
- Transmission of Pictures and Metadata from EWM to SAP DMS
- Custom Photo handling Transactions for easy Picture Search

KEY FIGURES

- Market leader for kids' soft drinks
- Introduced in 1969
