

logventus®

You are:

Consultant SAP EWM (m/f)

Your tasks:

You will work as a consultant in customer projects, develop and design strategies, processes as well as systems either independently or in a team with our customers and other colleagues. Thereby, you will meet new challenges all around the globe which you will cope within a team. You will work for a company where you can participate in shaping and growth. Become part of a leading consulting company and build your own career as a SAP Extended Warehouse Management consultant!

Your profile:

- You have several years of experience as a SAP EWM Consultant (including customizing)
- You learn quickly and possess good analytical skills
- You have strong communication skills, motivation and engagement
- You are reliable, flexible and able to work independently or in a team
- You speak and write fluently in German and English

Our offerings:

In our company you can use your skills and knowledge to make a crucial step for your personal carrier in the context of SAP SCE. Our payment strategy is attractive and performance-related. Through internal and external trainings you will expand your knowledge regularly. Our team is our asset. Flat hierarchies, an open and engaged work atmosphere, and the reconciliation of work and family are not just slogans but common practice at logventus GmbH.
